

Employee Benefit Solutions: *McGriff Journey*® App

McGriff Journey allows employers to curate a comprehensive employee experience - positively impacting engagement, retention and productivity.

Leveraging mobile technology and gamification, Journey can deliver 24/7/365 communications around benefits, employee recognition, wellness and more. It essentially functions as the one-stop-shop for company resources. The beauty of Journey is that each employee can refine the app to their individual interests – leading to the hyper-personalized experience required to keep them engaged and motivated.

Highlighted Features

- **Targeted Communications** - Use social media, push notifications, email and/or texts* to share company news and initiatives.
- **All Things Benefits** - Quickly connect to benefits resources, including member-specific plan info, ID Cards, benefits guide, provider directories, Rx discounts, carrier contacts and more.
- **Integrated Advocacy*** - Access advocacy directly in the app to receive help regarding benefits or claims.
- **Telemedicine Integration*** - Access telemedicine with one click and instantly connect to a virtual doctor.
- **Financial Management** - Centralize access to payroll, 401(k), HSA/FSA, and other financial well-being resources.
- **Wellbeing** - Prioritize health by utilizing the Activity Tracker, wellness challenges* and assessments, articles and podcasts.
- **Peer Recognition and Rewards*** - Increase employee collaboration and productivity through gamification and incentives.
- **Seamless Integration**** - Connect via SSO or deep link to ben admin and HR technology, carrier systems, telemedicine, advocacy providers and more!

*These features are available as a buy-up.

**Two SSOs are included in the base package. Connections are contingent upon 3rd party's ability/willingness to integrate.

The App Helps Employees

- **Stay in the Know** - Keep abreast of the information and initiatives important to their organization.
- **Feel Valued** - Give and receive recognition when collaborating with peers.
- **Make Smarter Decisions** - Access all the tools they need to fully understand their benefits and make educated decisions.
- **Save Money** - Find qualified in-network providers, compare prescription prices and save on healthcare costs.
- **Connect Family** - Invite family members to join directly in the app so they can access benefits resources.

Implementation Process

The standard implementation timeline is 30 days and requires an average of 3 hours of client time.

- 1. Kickoff Call:** Initial client-facing call with implementation experts to assess needs and set launch date.
- 2. Launch Form:** Designed to gather all the information needed to build your app.
- 3. Build App and Test:** The app is built to your specs and provides you with demo credentials to test.
- 4. App Goes Live:** Welcome emails are sent to employees and the app is live.

Note: The cost for McGriff Journey varies based on the number of employees and features selected by the client.
